Planting saffron

These farms are exclusive to Saffron King Company

Production and planting of saffron

We cultivate Saffron, and we have agricultural lands in Afghanistan in Herat province and in Iran in Mashhad province.

This means that we offer you saffron directly and without any intermediary.

Saffron cultivation in our company is done in three ways.

- Organic saffron cultivation
- Saffron cultivation on agricultural lands
- Saffron cultivation by greenhouse methods

Saffron King Business Company

Mission and purpose

Saffrin King Business Company

Mission and purpose

Due to the many properties and powerful nutrients in saffron, we try to have a positive impact on the health of the community.

We try to reduce the cost of treatments by providing organic and pure saffron products to make a healthy community.

Mission and purpose

Our other important missions are expanding the company's activities in various aspects.

- Production of saffron, such as saffron tablets, saffron drinks, saffron perfume, saffron food color spray, saffron cream and saffron cosmetics etc..
- Increasing the bases of saffron planting and producing the highest quality organic saffron.
- Increasing the sales and export of saffron to Arab, American and Asian countries etc. are one of the most important missions and prospects of our company.
